Part 1 — Overview

1. What this module does

GWTrack Academy is your central place to learn, practice, certify, and grow. It combines self-paced courses, learning paths, live coaching, certifications, and progress tracking tied to FAP, licensing, CFM training, and rank advancement.

Capability	What it means for you
Course catalog	Video, document, and interactive lessons by topic
Learning paths	Role-based programs (New Associate, Licensing, CFM Certification)
Assignments	Courses assigned by leaders, often with due dates
Assessments	Scored quizzes linked to courses
Certifications	Academy certificates, sometimes with mentor approval
FAP & Coaching	Apprenticeship progress, CFM feedback, sessions
Live sessions	Webinars and coaching labs on your calendar
My Learning Plan	Smart recommendations by role and progress
Achievements	Points, badges, streaks, leaderboard
Reports	Personal or team training analytics

> **Academy vs checklists:** Academy courses build **skills**. Checklists (FAP, Licensing, CFM Training) track **formal program milestones**. The dashboard links both.

22. Troubleshooting

Training menu missing

Cause: Account lacks dashboard access.

Fix: Contact administrator.

Course or path not visible

Cause: Draft or wrong audience.

Fix: Only **published** content shows to members. Confirm path audience matches your role.

Lesson locked

Cause: Sequential or drip rule.

Fix: Complete prior lesson or wait for unlock date on course outline.

Cannot take assessment

Cause: Incomplete lessons, no attempts, or already passed.

Fix: Finish lessons; check attempts (max 3); passed assessments block retakes.

Assignment still overdue after completion

Cause: Assessment not passed or page not refreshed.

Fix: Pass required assessment; refresh. Contact assigner if stuck.

Certification stuck on pending

Cause: Awaiting mentor approval.

Fix: CFM approves at **Review requests**. Follow up after a few business days.

Session not on calendar

Cause: Registration incomplete.

Fix: Open session detail → **View in calendar**; check date range in Calendar.

Permission denied (403)

See Appendix J.

CFM Coaching shows no trainees

Cause: No active mentor assignment.

Fix: Verify CFM assignment in agency management.
